GOOD PROSPECTS FOR LOCAL LEAGUE OF BASE BALL CLUBS

Nine Teams Represented in Meeting Held in Charleroi Sunday

SEASON WILL OPEN IN MAY

Prospects are bright for the formation of a valley baseball league, which will embrace at least eight and possibly nine clubs. A preliminary meeting to discuss the formation of such a league was held at Turner Hall, Charleroi, Sunday afternoon, which was both enthusiastic and sanguine over the prospects of the organization.

The official representatives at the meeting were: Dunlevy, M. Heywood; Brownsville, J. B. Patterson; California, E. F. Linberg; Newell, W. M. Hagenbach; Allenport, Bernard O'Neill; Vestaburg, K. A. McLain; Belle Vernon, H. N. Boyer; Charleroi, H. H. Furnier; Webster, John Williams.

Others in attendance included J. S. Heffner, secretary of the Charleroi Chamber of Commerce; H. L. Swickey, John Dolfie and John Schaffer of Charleroi; C. W. Wehr of Belle Vernon; Charles Kerr, and John Russell, Vestaburg; Robert Wilson, Brownsville, and Jack Barrass of Dunlevy, as well as a score of others.

A temporary organization was effected by the election of Arch Osborne as chairman, with W. H. Hagenbach of Newell as secretary. Permanent officers will be elected at a meeting to be held Sunday afternoon, April 3.

The sporting editor of the Pittsburgh Press was named as a committee of one to draw up to set of rules to be acted upon at the next meeting. It was decided to open the League about the middle of May and close on Labor Day. Each team will play two games a week, one twilight contest, and the other on Saturday. It was also the sense of the meeting that each team should pay its own traveling expenses and when at home should provide for the expenses of the game, such as umpires, baseballs and then retain the receipts. This is to apply in all cases except holiday games, at which the receipts will be pooled.

SAYS PINCHOT HAS NATURAL BOXING CLASS

According to Harry Keck, a sporting editor of the Pittsburgh Gazette Times, the selection of Young Pinchot of Charleroi to box Bantamweight Champion Joe Lynch in the main bout of the reopening show at Motor Square Garden next Monday night is meeting with general satisfaction, and the battle is certain to play to a packed house. Pinchot, according to Keck, has a lot of natural boxing class and is not easily confused when opposed to a top-

WATER WORKS FOR ROSCOE IS TALKED OF

The possibility of a water works system for Roscoe has again come to the front. The Fayette City Water company has, under certain conditions, signified a willingness to run their lines up that way and supply Stockdale, Roscoe and Elco with water. In view of the legal complications for the establishment of a municipal plant, this plan would seem the most feasible, and promoters of the plan are hopeful that it may be put through.

MUST WATCH LOCAL CONDITIONS

Health boards throughout the Monongahela valley will have to do their duties, or be ousted. This is the word that comes from William C. Mills, chief of the division of Public Health Education. If the boards do not do their duty the State Department of Health will take charge of the situation and charge all expenses to the community in which the activities are carried on.

Some time ago a state representative visited New Eagle and made a survey of the borough. The health authorities of that district were notified to get busy, but as yet no action has been taken.

Throughout the state many small town health boards and committees have been delinquent in their duties and in some few cases the commonwealth has been forced to take charge of the situation and straighten matters out. The immediate section surrounding Donora is a subject for inspection at the present time on account of the smallpox outbreak at Wireton, and the recent typhoid epidemic at Bentleyville, and other Pigeon creek valley settlements. It will be necessary for all boards of health and committees dedicated to health and sanitary conditions to do their work efficiently, or be ousted by the state authorities who will assume arbitrary control and charge expenses up to the borough.

ELLSWORTH MINER TAKES HIS OWN LIFE

Joe Velenski, aged 30, a miner, died at Ellsworth Sunday night from self-inflicted wounds. He tried to hang himself at his home and when discovered was in an unconscious condition. He was cut down and every effort made to save his life, but he never regained consciousness. It is said that Velenski had been drinking heavily for several days and his act was attributed to this cause.

notch performer. He can make the bantamweight poundage without weakening himself and, on the whole, may be expected to make the title holder hustle. It is expected that quite a number of his friends and admirers from Charleroi will attend the contest.

Will Demonstrate White Way Lighting on McKean Ave.

The Street Lighting Committee met yesterday noon at the Elks' Club. One very important decision was made and that was that Mr. Barnhardt of the Palace Theatre, will erect two lamp standards in front of his place of business. These lamps will in all probability be installed about the latter part of this week. This will give a public demonstration of the possibilities of White Way Lighting in Charleroi. This committee will again meet next Monday noon, and every Monday noon thereafter until they have accomplished their purpose. A considerable mass of material has been gathered upon street lighting from other cities, and is not only available for the use of the committee, but may be examined by any one who will call at the Chamber of Commerce room. To give just a few examples: In Michigan City, Indiana, the entire installation cost of the ornamental lighting system erected in 1914, including all material and labor necessary to make the lights ready to turn on, was met without objection by the owners of abutting property on the line of improvement. The rate of assessment was \$1.60 per front

foot. In Vancouver, British Columbia, the property owners bore the whole cost of the installation of an ornamental lighting system and 15 per cent of the cost of maintenance. In Bridgeport, Conn., the contract of a business lighting system concluded in 1915 between the city of Bridgeport and the local illuminating company provided that the entire expense of installing the ornamental system be paid by the company; the city or its agent agreed to pay for arrears at the rate of \$78.16 per annum for the next ten years.

The Women's Committee, composed of Mrs. F. C. Stahlman, Mrs. C. J. Mogan, Mrs. C. C. Wright, Mrs. Pauline Pfelehardt, and Mrs. J. D. Berryman will meet tonight at eight o'clock in the Chambers room.

The Borough expansion committee, consisting of Hugh E. Fergus, Tom P. Sloan, Chas. Speers, Frank Riva and Theo. J. Allen will meet on Wednesday at eight o'clock. A report will be prepared by this committee to be presented to the Board of Directors on the following Thursday at four o'clock. Their plans are being well formulated and will be put in concrete form.

ALL RAILROAD WORKERS HAVE RIGHT OF APPEAL

Unorganized as well as organized employees of the Pennsylvania Railroad will be heard and have the right to appeal from decisions reached at the proposed conference between representatives of the workers and officials of the company on the question of contemplated wage reductions, the management announced on Thursday. These conferences will be held in Moose Hall, Penn Avenue, Pittsburgh.

HOLY WEEK SERVICES AT M. E. CHURCH

At the M. E. church this evening Holy Week services will be held. Rev. J. O. Martin, a former member of the congregation, now pastor of the Beallsville church, will preach. The Epworth League will attend in a body. Services each evening during the week except Saturday evening. The class in catechism will meet at four o'clock.

TWO NEW DEPUTY SHERIFFS APPOINTED

John B. Kelley of the West Middletown section, a constable, was sworn in as deputy sheriff at Washington on Monday. R. J. Coulson of Donora, has also been sworn in as a deputy sheriff.

B. F. Coolidge of Milwaukee, Wis., is a business caller in Charleroi, being at the Albright cycle store for a few days.

WILL PROTECT AGAINST CHANGES IN SUNDAY LAW

Delegations of clergymen from half a dozen counties of the state have reached Harrisburg to protest against the McCann and Smith bills, providing for local regulation of Sunday baseball and other athletic contests. The hearing is scheduled for this afternoon and will be attended by many people from all over the state. Mass meetings were held in Harrisburg churches Monday night, at which time committees were named to attend the hearing.

REFUSES PERMIT FOR AUTO TRUCK COMPANY

Application of the Butler Transfer company for approval of the right to operate an express line of motor trucks between Butler and Pittsburgh has been refused by the Public Service Commission on the ground that the present trolley service is adequate for all present purposes and that to grant the application would provide a service for the benefit of a few and what the truck company would gain the trolley company would lose.

Joseph Hall, who was injured in the Bruceton mine by falling slate, was able to return to his home in Lock Four a few days ago.

Marriage license was issued at Washington on Monday to Russell A. Lewis of Charleroi and Rena B. Gable, of Allenport.

P. H. C. MEMBERS ENJOY VISIT TO MONESSEN CIRCLE

CONSTRUCTION WORK TO BEGIN ON COAL PLANT

The steamer Warwick, of the General Construction Corporation of Pittsburgh, went up the river on Thursday bound for the seventh pool with a tow consisting of a kerrick, four pile drivers, one flat of piles and a flat carrying construction equipment. It is said that work will start at once on the river improvement for the Warwick Coal company permit for extensive work in that pool to allow the shipping of coal by river.

MINERS TO FORM BASE BALL LEAGUE

The base ball fever seems to be setting in early in the valley, as in addition to the league which will include Charleroi, another is being formed with Monongahela, River View, Bunola, Finleyville, Victory Hill, VanVoorhis, Bentleyville and Ellsworth, and possibly Fairhope and Roscoe. It will be a miners' league and is being promoted by the Fintsburg Dispatch.

In addition to this league, James Drinkwater is reorganizing the old Monongahela team, and it is proposed to organize a city league in that town, a meeting for that purpose to be held this evening at Hotel McIn. There has never been a season when baseball activities began so soon in the valley, nor so many people interested in the formation of clubs and local leagues.

JAILOR ELECTED BY THE PRISON BOARD

Harry Smith, of Midway, was elected jailor of the Washington county prison on Monday by the prison board, who held a meeting to pass upon the recommendation which had been made by Warden Ody Abbott. His salary was fixed at \$150 a month.

Jailer Smith will be assistant to Warden Abbott. He will arrange so that he will be accessible to answer night calls. The new official will assume his duties at once. He is one of the prominent young men of the Panhandle district, and has been active in politics.

The meeting on Monday was the second session of the newly organized prison board which is composed of the county commissioners, controller and sheriff.

NEW POSTMASTER IS APPOINTED AT ROSCOE

Fred W. Allison has been appointed postmaster at Roscoe, to succeed W. A. Furlong, who served throughout the Wilson administration. Mr. Allison will assume the office just as soon as his bond is filed with the department and approved.

Exemplification of Work and Social Features Enjoyed by Members

OTHER MEETINGS TO BE HELD

A delegation of P. H. C. members, over sixty strong, from Charleroi, Donora, Belle Vernon and Roscoe, paid a fraternal visit to Westmoreland Circle, No. 483, P. H. C., of Monessen, Monday evening, under direction of Mrs. Mary Schubert, local Deputy for the Monongahela Valley district.

The meeting was held in Kelly's hall, with its large and ample floor space, which proved quite a factor in exemplifying the beautiful work of the degree of protection executed by the Ladies Banner Degree Team of Charleroi. A class of ten new members was initiated and given the unwritten work, after which visiting members and friends were admitted and a very commendable floor drill was put on by the Charleroi team, which added much to the pleasure of the occasion.

The ceremonies were cut somewhat short in order to let another organization occupy the hall, and upon invitation of Mr. and Mrs. Arthur Winstone an invitation was accepted to use the Eagle's parlors for a social time and right heartily was it enjoyed. Cards, dancing and music were the pleasures of the social hour, music being furnished by the Harmondors Jazz, Vincent D. Daniels, director, which proved to be a feature of the evening. A vote of thanks was given the Eagles for the use of their parlors, and the boom-a-laca was given in honor of Mrs. Winstone for her kindness in securing the parlors for the social hour.

Mrs. Schubert, the local Deputy, is arranging for a grand rally of the Circles in her district, to be held in Monessen at an early date, and which promises to be a feature in the promotion of P. H. C. work in the upper valley.

EASTER DISPLAY OF FLOWERS.

The greatest Easter Display of flowers ever assembled together in Charleroi will be shown at Haube's Flower Store beginning Thursday, March 24th.

You are cordially invited to visit us whether you buy or not. Our prices are as reasonable as anywhere else.

SPECIAL VALUES IN EASTER APPAREL

Our Spring Collection Offers a Charming Variety.

This is the store of Easter preparedness and supreme values in our apparel, told at the moment when your urge for new spring clothes is at its height. For whatever you find essential to your Easter wardrobe, it is the suit that leads the list. Women's Suits of assured elegance of line and beauty of feature, that run the entire gamut of the season's styles, from the simplest little model to the most elaborate three-piece costume suit. Exquisitely modeled, man-tailored, hand-finished, in full assortment and sizes, and most reasonably priced.

Exquisite Tailored Suits of Tricotine & Serge

There's an unmistakable joy in being correctly dressed that one may feel assured that she is wearing a coat or suit that is not only correct in style but that is tailored to her type.

Our suit assortment is at the height of completeness and nothing in the new style models that carries the impress of individuality is lacking. Every style is touched with the fresh charm of springtime. Quickly and unerringly, selections may be made, and as the time to Easter grows short, that is a point of no small importance.

The modes sketched above were chosen as representative of many more equally attractive. In them, one may note the details that distinguish this season's style, and most cleverly expressed.

New Wraps and Coats for... Spring Wear

Wraps and Coats that are refreshingly Springlike, for in their flowing lines and graceful draping they have caught something of youth and Spring and smartness.

Bands of effective embroidery, silk stitchery that forms excellent contrast, clever draping—these are but a few of the style touches that distinguish this collection of wraps and coats at this store. Developed in Roman a. Tricotine. Bolivia and Suede Velour.

American Caves Things of Beauty.
The deepest cave known in the world is one found near Fredericksburg, Norway, it being 11,000 feet. Think of it, almost two miles deep! But it is worth the trip down into its depths, for many of the wonders of nature are to be found there. However, when it comes to real beauty and interest there are no caves that can excel those of our own country.

Fear Led to Dish Covers.
Dishes were not covered at first for the purpose of keeping the food warm. They were covered from fear—the fear of poison. In the Middle Ages people were afraid that poison might be introduced into food between the kitchen and the table. Hence the cook was ordered to cover the dishes and the covers were not removed until the master of the house sat down to eat.

Geese Noted for Longevity.
Man has been striving to attain ever since his inception what the goose and gander have long attained, namely, long life. Geese live to be 100 years old as a matter of course, and there are cases on record of geese laying eggs and hatching them after they were 100.

Laws That Must Be Obeyed.
Conditions are largely what people make them. If they observe national and economical law there is greater prospect of peace and plenty than when they ignorantly or deliberately violate them. When these laws are violated no man-made laws will change results.

COLORED CITIZENS OF CHARLEROI

(Communicated)
Although the colored population of Charleroi has increased nearly 400 per cent in the last four years they are still holding their record for industry and good behavior in general. Prior to the world war there were 21 colored families in Charleroi, 19 of which were property owners. There are now 80 colored families in our city, 37 of which own property. This is an increase of 57 in number of families and 13 in number of property owners, showing that 30 per cent of our settlers have acquired property. We appreciate

the assistance given by our local real estate agencies in opening new housing facilities to us, and we earnestly solicit the future assistance of all good citizens in helping us to settle down as good citizens and property owners. The social conditions between the two races is praiseworthy and we hope that the better elements of both races will unite in improving the same, making Charleroi second to none. The amount of property owned is more than \$110,000, while we have more than 125 voters.

H. W. Thomas.

CRUDOLEUM

DISPELLS DANDRUFF AND LEAVES THE HAIR SOFT AND FLUFFY

Professional hair dressers are using it in their hair and scalp treatments why not you? It is a higher grade of Petroleum and contains sulphur and other antiseptics, and hair nourishing ingredients, combined, dissolved and filtered by nature, so thoroughly that you would not know they were there. Yet their germ destroying properties are evident. It is light in color, pure and pleasant to use and will not alter the color of the hair, and the price for a large bottle for family use is only 35 cents. F. J. Johns who is the agent in Charleroi is authorized to give you your money back if CRUDOLEUM fails to please you. Young people who are just beginning to care for their hair should be taught to keep the scalp clean with CRUDOLEUM. It is a vermin destroyer and leaves the hair and scalp clean and sanitary, which means to them thick, healthy, beautiful hair in later life; an important asset to the girls while shunning their future career. Get a bottle today at F. J. Johns; do not put it off. CRUDOLEUM is essential to successful hair care; it makes it possible for you to have or retain hair beauty. If your druggist does not keep it, send to Wm. M. Simpson Drug Co., Wilkesburg Station, Pittsburg, Pa. Price by mail 40c.

Men—Ask your barber for a Crudoleum Shampoo.

Ford
THE UNIVERSAL CAR

THAT DEPENDABLE FORD QUALITY
FORD durability began in 1903 when Henry Ford started experimenting with Vanadium steel and heat-treating processes. He knew that a more exact tempering of steel for motor car building must be worked out. Vanadium, it was learned, when added to molten steel, gives to that steel a greater toughness and adhesiveness. And now other alloys have been found which are superior to Vanadium. With the Ford Motor Company constant progress is the daily companion. The Ford products—Car, Truck, Tractor—grow in quality daily. Heat-treating tempers each part so that it will best withstand the wear or tear to which it is subjected. Ford chemists and analysts have created formulas and standard specifications for every individual part of the Ford car—not only for the steel but for everything from pneumatic tires to top.

Ford durability isn't a matter of accident, it is a matter of painstaking thoroughness in laboratory and factory. The Ford is a car of precision—of standardized values. Order your Ford car now. No matter how fast they may be made the demand multiplies faster. Order today for we can make fairly prompt deliveries—Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor.
